---

Hopefully by now you have received the links for the annual reports and have had no trouble putting in the information. Some councils have reported they have received summary reports that were generated from their responses.

At the winter meeting we will again share reports as we have in the past. Our format will be small group discussions with reporting back to the larger group.

Attached is the Presidents' Report Form for the winter meeting. It is recommended that Presidents review and discuss this at a general meeting for input from your membership.

If you have other members from your council attending the meeting, please provide them with a copy of your report as you may be in different discussion groups.

God Bless,  
Liz
